My ability to adapt to shifting environments, schedules, and varying patient complexities demonstrated a remarkable level of efficiency in my approach to nursing care.

Unemployed

June 2021–August 2021

- During this gap in my employment history, I assumed the crucial role of caring for a sick family member. This required my full focus and led to a temporary pause in my professional work. This experience strengthened my caregiving abilities and reinforced my commitment to providing compassionate care.

██████████ Hospital

February 20██ May 20██

Medical-Surgical/Telemetry/IMU
